Live Painting

The live painting experience for the bride and groom features the artist creating a beautiful picture during the event (around 4 hours to complete).

To provide this service, we need to have a call with the bride and groom. During this call, we can figure out the painting style, the special moment to be captured on the canvas, and any other details they want to include.

On the wedding day, the artist starts painting an hour before the photo session, which happens at the time chosen by the bride and groom. The artist continues the painting for the next three hours of the celebration..

INITIAL PRICE \$2,450.00 USD

4 hours of live painting

1 artist + 1 assistant

Professional canvas: 40 x 50 cm

Golden acrylic paint

- If you're looking for a bigger canvas, the price will change.
- The painting isn't ready on the wedding day; it gets sent out about 45 days later once it's all done in the studio.
- Domestic shipping is included, while international shipping costs are provided separately.

Guests Live Sketch

While enjoying dinner or cocktails, guests will have the fun experience of watching the artists create illustrations of them. It's a special keepsake they'll take home and definitely want to frame as a lovely memory.

DESCRIPTION:

We provide a memorable live painting experience for your wedding day or event, where you and your guests can enjoy watching local artists create beautiful hand-painted pieces right before your eyes.

The live painting sketch session features our talented artists creating faceless sketches of your guests while they enjoy cocktails and dinner. As soon as they arrive at the venue, a member of our team will snap a photo of the guests, and then they can pick-up their sketches from the artists.
